## PURINA EVENT CENTER RULES

  - Regular building hours are 6a.m.- 6p.m. unless otherwise noted and coordinated with the Purina Farms staff. Any non-catered events running beyond 6p.m. will be charged \$25/hour for staffing.
  - No events may take place on designated set-up and move-out days or else facility rental fees will be assessed.
- Clean-up
  - \$200 will be assessed on the final event day if the facility and grounds require excessive cleaning according to checklist that will be reviewed by both the staff and a Club official.
  - Exhibitors are responsible for cleaning up after their dogs. This includes properly disposing of waste and using designated relief areas and the public x-pen area on the East side of the Gateway Hall for all elimination needs.
  - Designated stations throughout the facility should be used appropriately (i.e. watering station should not be used for waste or other materials)
- Full-service RV spots are \$25 per space.
  - A Club can charge more if desired. If possible, Club will issue one check to Purina Farms for all of the RV parking.
  - Clubs must coordinate reserved RV parking ahead of time and provide Purina Farms with a list at least 1 week prior to the event. Clubs must also handle the parking of RVs or request at least 2 weeks ahead of time that Purina Farms staff manages it.
  - Show grounds open at noon or 3p.m. on the designated set-up day for the event depending on what is reflected in the Club contract. Any RVs arriving before that time will have to wait behind the main security gate.
  - Only cars (max of 2) affiliated with the RVs parked in the spots will be allowed to park in the same spot in the RV lot. Any cars not affiliated with the RVs in the spots will be asked to move or be towed at the owner's expense.
- Grooming spots are free and include 10-20 amps of electric service per assigned space.
  - Clubs can charge per space if desired.
  - If grooming is going to take place, then the Gateway Hall needs to be rented. When the Gateway Hall spots are all taken, then additional spaces in the Great Hall can be considered. Only overflow grooming is allowed in The Great Hall.
  - If grooming is taking place in The Great Hall, then 4mil plastic must be provided by the Club (and can be purchased from Purina Farms) to cover the floor. Painter's tape can be used to keep the plastic down.
  - Club must assess grooming tables being used in The Great Hall and provide exhibitors with rubber caps for the tables (Purina Farms will provide) if they appear like they will damage the flooring.
- Payment
  - Please know that security and food service will be billed separately from the rental fees, entry fees and other misc. Show charges. You will receive one bill for your building rental charges and associated entry/run fees, as well as any other

“extras”, where a check can be made payable to Purina Farms. If you hire security through Purina, then you will be billed and the check needs to be made payable to Nestle Purina PetCare company. All of your food service will be billed after the Show and sent to you via mail.

AMERICAN  
KENNEL CLUB™

# MEMORANDUM

March 4, 1998

**TO:** *All AKC Clubs  
All Superintendents*

**SUBJECT:** *Emergency Procedures at Dog Events*

At its November 1997 meeting, the Board of Directors considered the report of the Delegate Dog Show Rules Committee on the subject of Emergency Care at Events. The Board adopted the following policy, which will apply to events held on or after January 1, 1999:

## **EMERGENCY PROCEDURES AT DOG EVENTS**

1. Each club holding a member or licensed event must develop and detail a *Disaster and Emergency Plan* for that event. The Plan form must be completed and filed with AKC and will be considered a part of the event application.
2. Clubs must advise local authorities (police, fire department, medical services, etc.) of their event, including the exact location, ingress, egress and duration, within thirty days prior to the event.
3. All clubs are strongly encouraged to have a qualified emergency medical technician (CPR certified) in attendance at each event.
4. At group and all-breed conformation events, clubs are required to have a qualified emergency medical technician (CPR certified) in attendance from one hour prior to the start of judging until completion of all judging.
5. A Red Cross-approved emergency first aid kit must be available at all events.
6. Emergency care at all events must also comply with local community standards.
7. Personnel will be on duty after show hours at show sites where dogs are left overnight.
8. At least one working cellular telephone is required to be on the show grounds during show hours.

### **The Disaster and Emergency Plan**

The committee feels strongly that the attached Plan contains the necessary information for an event-giving club to react to any emergency or disaster in a timely manner. **An Evacuation Plan, (Diagram), for indoor facilities, should be displayed in all prominent, high traffic areas.** The Board feels that completion of the Plan form will require an event committee to put the necessary forethought into dealing with an emergency or disaster. The Board does not anticipate that AKC will evaluate the accuracy of the Plan, any more than site plans or site contracts are typically evaluated for accuracy before an event. It is felt that event-giving clubs will put the effort into development of the Plan to ensure its adequacy and accuracy.

The event-giving club would also be responsible for providing multiple copies of the Plan at the event. Additionally, in order to make the Plan available to all participants of an event, clubs may print information in the event catalog and judging program.

### **Definition – Event**

For the purposes of this policy, an event is defined as a show given by a club or association that is a member of, or licensed by, the American Kennel Club, at which championship points are awarded; or a trial or test given by a club or association that is a member of, or licensed by, the American Kennel Club, at which qualifying scores towards titles are awarded.

**Effective Date: January 1, 1999**
